Chancery Court—First Tuesday after fourth Monday in February and first Tuesday after first Monday in August.

Wednesday, Dec. 13, 1916.

A BRIGHT SPOT.

The United States produces less potatoes to the acre than Belgium, England, Germany, France, Russia or Italy. The average in Belgium is 300 bushels, in the United States 80 bushels.

On this Cumberland plateau it is very easy to produce 100 bushels to an acre and with special preparation 300 can be grown. The high quality of the potatoes grown on this plateau is building for us a splendid market and the time is near at hand when 300 bushels will not be unusual.

The land in Belgium on which 300 bushels of potatoes are grown is no doubt worth not less than \$300 an acre. Here land that can soon be made to produce 300 bushels to the acre can be bought for \$10 an acre and up. The market near to this section is practically limitless. At the time when our potatoes come on the market the whole section of the country south of us is in the market for potatoes for their crop has been consumed.

With cheap lands that will grow crimson clover with very little effort to turn under for potatoes, the outlook for this section is exceedingly bright for the potatoes grower as well as for live stock. In the face of such opportunities thousands of acres here are idle and those who would gladly avail themselves of these splendid advantages do not know what we have here to offer them. This section needs to be advertised more and with more system.

THE INFLUENCE OF GOLD.

Gold is the monetary standard of all the leading nations of the world.

It has been the effort of nations for several hundred years to keep the volume of money at a proper equilibrium, for only by such a course can real prosperity come to the masses of the people.

In 1896, when free silver threatened, there was business stagnation because financiers of the world feared a flood of cheap money. When that menace passed business revival quickly came and remained for some time.

Just now there is marvelous prosperity for munition factories and those who furnish war supplies. Also for the workmen who are employed in the munition and war supply factories, but the wage earner in general is feeling hard times due to high prices. Those high prices have come because gold is so plentiful as to be a cheap money.

No nation in the world ever has had in its strong box so much gold as this nation has now. By its abundance gold has become cheap and as a result it buys less than formerly and prices are high.

Nearly everything that people consume has gone to very high prices because of the great flood of gold that the war has sent to this country. The average man is not being benefited by it, but on the contrary is feeling the stress of hard times through high prices.

Either a gold or silver standard is all right so long as the volume of money is kept at the proper level, but financiers understand that it is much easier to maintain the proper money level with gold as the standard rather than silver, because the quantity of the latter in the world is very much greater than the former and for that reason much harder to control.

When the war ceases, the war orders will cease and gold will cease to flow to this country. Prices will then de-

FAMILY AVOIDS
SERIOUS SICKNESS

By Being Constantly Supplied With
Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

cline and so continue until the proper level is reached where gold ceases to be a cheap money. That will mean that the wages earned by the average man will buy much more than now and more general prosperity will prevail.

Everything will move on in this country with the full assurance of a generous prosperity for the masses, provided there be a sufficient tariff wall erected to prevent the cheap labor of Europe from flooding our markets with manufactured goods and closing our factories.

If that be not done then our factories will close, our wage earners will largely be out of employment and business stagnation will prevail.

It is really amusing to see with what ease and composure the English remark after every German victory: "It is of no military significance." Since July 1 the English and French have advanced their lines for a portion of the way on the French front seven miles. In that time they have taken stretches of trenches several hundred yards long and almost a quarter of a mile deep in a few instances. When they did they made more fuss over it than the Germans do when they overrun thousands of square miles of territory.

The situation is this: The Germans have now in their control nearly 500,000 square miles of territory and the allies have only the little corner of Alsace-Lorraine, comprising about as much territory as two counties of this state. Yet all the central powers have done is of "no military significance."

There is real humor and gall both in that.

The trainmen constantly talk of their rights in the proposed railroad strike. The operators are broader and speak of the rights of the public along with the rights of the railroads.

The real truth is, the rights of the public are paramount to the rights either of the men or the roads and should have first consideration. For that reason some law should be enacted that would prevent either the men from striking or the roads from discharging their men in large numbers.

In many instances the claim has been made that the women voted largely with the democrats in the suffrage states. The real truth is they voted much the same as the men.

That was to be expected on political questions. Where the great value of the equal suffrage movement will count most is on moral issues.

WENT TOO FAR FROM HOME.

Mayor Jesse Littleton is said to have purchased a car of potatoes in Idaho at \$1.40 a bushel and proposes to sell them to the people of Chattanooga at cost. Jesse is liable to find that a hard job for potatoes can be bought in this county, 100 miles from Chattanooga, for \$1.50 a bushel, while Idaho is a few thousand miles away. If Jesse wanted to try that stunt why did he not have foresight enough to buy the potatoes in Cumberland county?

NO HIGHER PRICE FOR THIS

While food and clothing have advanced in cost, it is well for the sick that the prices of such reliable family remedies as Foley Kidney Pills are not increased. Foley Kidney Pills cost little and relieve backache, pains in sides and loins, sore muscles, stiff joints, rheumatic pains and bladder trouble. For sale by Reed and Burnett.

The CROSSVILLE CHRONICLE

With the "ALL WINTER READING" Club is our
Biggest, Best Bargain.

Our paper contains all the Local, County and important State news. "The Weekly Kansas City Star" has the world and general news.

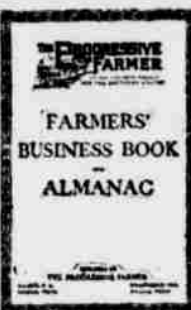

"The Progressive Farmer" is the South's leading Agricultural weekly, of which it is said, "you can tell by a man's farm whether he reads it or not." "The Farmers' Business Book and Almanac" is issued by the Progressive Farmer and is a simplified form for keeping farm accounts. Forty pages, card-board cover.

"Today's Magazine" is a monthly containing clean stories and much good reading for all the family, while "The Housewife," a monthly, will be found interesting to all and helpful to wife and daughters.

The Grapevines are of four varieties selected for Southern growing.

The total value of a year's subscription for our paper and a year each for the other publications of the

"ALL WINTER READING"

Club, together with the Farmers' Business Book and the Grapevines is more than four dollars.

"The Progressive Farmer" stands back of this remarkable offer and will supply the subscriptions one year each to all the publications except our own and will also send you the Farmers' Business Book and the four grapevines. We recommend your immediate acceptance of this offer as every publication named is clean, interesting and useful, while the Farmers' Business Book and the Grapevines will prove valuable to you.

FILL IN AND MAIL, SEND OR BRING THIS FORM TO US.

INTERESTING HEALTH NEWS.

Information About Bad Teeth and Colds and How to Prevent Them.

Out of 330,179 school children examined in the city of New York, in 1914, 194,207, or 58 per cent, suffered from defective teeth. This exceeded the sum total of all the other defects noted by nearly 80,000. Defective teeth impair general health and impede school progress. Disorders of the digestive tract, tuberculosis and various other diseases frequently are preceded by diseased conditions in the mouth.

There is a direct relationship between dental development and mental development, and it is absolutely essential to good work in schools that children's teeth be maintained in a healthy condition. The Public Health Service recommends that a good tooth brush be included in the list of Christmas presents for every American child and that its use be made a part of the daily training. If this recommendation is carried out the United States will have more healthy children this year than last and their chances of growing up into useful, healthy men and women will be increased.—Public Health Service.

PAINFUL COUGHS RELIEVED

Dr. King's New Discovery is a soothing, healing remedy for coughs and colds that has stood the test of nearly fifty years. For that cough that strains the throat and saps the vitality try Dr. King's New Discovery. The soothing pine balsams and mild laxative ingredients soon drive the cold from the system. Have a bottle on hand for winter colds, croup, grippe and bronchial affections. At your Druggist, 50c.

Hebbertsburg.

Jack Davis was in Crab Orchard Saturday.

Davidson Southard, of Crossville, was here Friday and Saturday on business.

Daw Wheeler was here from Crab Orchard on business Friday.

Roscoe Smith, of Mountain City, was here Sunday.

T. E. Wilson, of Crab Orchard, was here on business Friday.

A. A. Hamby visited homefolks in Lansing from Friday until Sunday.

James Brown was in our neighborhood Friday and Saturday.

Miss Lizzie Farmer returned Monday from Isoline, where she has been visiting her brother, Curtis Farmer, and family.

E. A. Farmer made a trip to Oakdale Saturday.

I. R. Hamby was in Crab Orchard on business last week.

H. C. Staples, of Pleasant Dale, was here Sunday.

Dan Wheeler is moving his saw mill in the Mountain City neighborhood to near Joe Smith's.

James Brown was here the past few days inspecting ties.

Roscoe Smith, of Mountain City, was at R. S. Hamby's Saturday.

Mrs. Cunningham, of Watson, visited Mr. and Mrs. Land Perry and family from Wednesday until Sunday.

Aston Waldo made a business trip to Rockwood Saturday.

Dec. 11. Maybe.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for constipation.
